Welcome

Welcome to Mitchells Funeral Directors, your local independent family run Funeral Directors .

Our aim is to offer a dignified funeral service at your chosen crematorium at an affordable price without comprising on quality or service.

For many years funeral pricing has been very unclear. We feel that we can offer the same dignified service with no comprise on quality for a fair price!

HOW?

SIMPLE!! **“WE PUT PEOPLE BEFORE PROFIT”**

We offer 3 different types of Funeral Packages which can all be tailored to suit your needs.

MEET THE TEAM

We work closely together as a family and are all very passionate about looking after people during the loss of their loved one. As an everyday working family, we offer support, advice and give a dignified service that suits the every day pocket.

OFFICE MANAGER; Irene Mitchell

Irene is our office manager, she is always on the end of the phone and will be happy to help with any questions you may have or just happy to give you some advice, even if it is just a sympathetic ear you need. She has a background in nursing and was a Staff Nurse for 32 years and is very understanding and passionate about people.

FUNERAL DIRECTOR; Liam Mitchell

Liam is our Funeral Director. Liam also has a nursing background and although young he is a very caring person and has a great passion for what he does. He is very understanding and supportive towards all family members in the loss of their loved one before, during and after the funeral.

FUNERAL OPERATIVE; MIKE MITCHELL

Mike is head of the family and has had a background in catering so is therefore used to chatting and being involved with people on an every day basis. On the day of the service he can be seen driving the hearse and also assisting Liam. He is also very passionate about helping and supporting people.

Donna Ball: Funeral Celebrant

Donna is a fully trained funeral celebrant with a passion for people and their stories. She is open hearted and open minded with a wealth of experience in service planning and writing. Donna will put you at ease and ensure your loved one gets a service that is unique and perfect for them and those closest to them.
