TOSHIBA

Rising star.

“This is e-BRIDGE Next.”

Perfectly formed and highly versatile. The new e-STUDIO400AC A4 MFP colour printer series can change the way businesses print and process documents – and do it from a competitive price point.

There's more than meets the eye

Benefit from an easier and more profitable sale, and give your customers an improved, market-leading print experience.

Premium performance, compatible with their workplace

The e-STUDIO400AC series makes quite an impression with fast speeds, high image quality and enhanced connectivity, while seamlessly integrating with your customers' existing infrastructure, using our own advanced e-BRIDGE technology.

A great fit for everywhere

Compact yet packed full of smart, user-oriented features and embedded apps, it's ready to jump into action wherever it's needed. Perfect for smaller meeting rooms and limited spaces.

Flexible and user friendly

Supercharge efficiency and productivity. This brand new e-STUDIO A4 MFP series is simple and quick to set-up and manage, offers configurations to support business processes and workflows, and supports a whole variety of different media, from envelopes to long banners.

Secure and sustainable

Protects what matters – data and the environment. With NFC authentication and Toshiba Secure HDD, sensitive information is kept away from the wrong hands. And thanks to our Carbon Zero programme, the e-STUDIO400AC series is carbon neutral and delivers positive change to the environment.

Why Toshiba?

Meeting a diverse range of demands to support the data streams of today's businesses is what keeps us going. Our experience in innovative technology ensures our multifunctional printers will easily adapt to the specific needs and requirements of your customers.

Big or small, with Toshiba your customers have a sidekick that can bring efficiency to every department.

So, if you're looking to extend customer engagements and increase after-sale opportunities, it's time to unmask the identity and reveal the power of this e-STUDIO A4 series.
