

FLT PACKAGES

Why choose us?

Daly Transport Training is a professional driver training company who understand company shift patterns and workloads, that is why we will come to you, wherever you need us, when you need us. Keeping your costs and employee downtime to a minimum!

Even if your employees have never used a forklift truck before and want a change of career into warehousing, or they are experienced operators we have the right course available for you.

Our instructors are fully qualified and certified to carry out the training professionally, safely, and efficiently.

What you can expect from our training packages:

- ✓ Training carried out by our friendly experienced instructor
- ✓ Your own student notes
- ✓ Certificate of training upon successful completion of the course
- ✓ Competitive prices
- ✓ Group discounts

Counterbalance & Reach Truck

Our forklift training courses are done on-site at your business premises. Training starts off around a laptop for the health & safety presentation, followed by a safety video.

Course Levels

- **Novice** (Beginner)
- **Experienced** (Some use with no previous formal training)
- **Conversion** (other truck types/capacities)
- **Refresher** (Renewing a previously obtained licence)

Course Criteria

- Hazard awareness
- The operators' safety code
- Lift truck stability / Handling loads
- Safety video
- Test your knowledge
- Pre-Shift inspection
- Moving/stopping and steering the truck
- Operation of hydraulic controls
- Manoeuvring in open and confined area's
- Stacking and de-stacking at different levels
- How to handle slopes and ramps

On successful completion of our forklift courses, all candidates will be issued with a certificate of training. This ensures you stay compliant with UK law.
