IT Support Services

Looking to provide support for users within the Merton area and fellow members of the
Merton Chamber of commerce.

- With over 30 years of experience in systems and operations management, we feel that such expertise is something that is normally of great benefit to our clients.
- We are well versed in most business systems, offering complete start up packages and competitive ERP & MRP systems for those wishing to enhance productivity and improve workflow.

We offer a full range of remote IT support for both home & corporate user customers, this includes:

- System updates, (imperative to help avoid system attacks)
- Data recovery and transfer, Hardware repair, problem solving, printer repair & Equipment upgrades.
- Network systems wi-fi (Mesh systems) & wired (Ethernet installations).
- Microsoft 365 services, configuration and setup. Remote access services.

Those fellow members considering employing IT staff

We offer very attractive rates for IT services, for many working out a far more practical solution than employing their own technicians.

Providing **Partnership rates** that provide remote and call out solutions, often far more competitive than envisaged.
