Mini Valet

Exterior washed, interior hoovering, wheels, tyres and arches safely cleaned, hand dried, polished, glass cleaned, tyres gelled.

Full Valet

Mini Valet + seats, carpets shampoo washed & dressed, engine bay washed & dressed.

Premium Valet

Full Valet + all interior shampoo washed and dressed, exterior chemical decontamination + tar removal & machine polished, panels dressed, windows polished, exhausts polished.

Stage 1,2,3 Enhancement

Variety of services ranging from light enhancement to curing paint defects - personalised packages.

PDI Polish

Premium quality wax polish. Produces a deep, even lustre on dark problem colours. Car paint sealant - shield of protection applied surface. Hydrophobic water repellency, with high gloss appearance.

Premium Wax

A synthetic or a natural wax both have their benefits in creating a layer of protection and aesthetic appearance.

Ceramic Coating

Cost effective, lasts longer, eliminates need for reapplications, adds a layer of protection (chemical and scratch/swirl resistant) and gives the ULTIMATE gloss effect.

Glass Repellent

Improves visibility creating a protective shield that allows rain to run naturally off the the glass.
