## Testimonial from a learning Difficulty Group, Aspires

Hi Tim

I want to tell you that in all the years we have had entertainers - **you are far and away the best ever !!** I was so pleased with everything you did, from the music to the interaction with the gang, and the way you were in tune with what they enjoyed.

We are all now looking forward to the Christmas party and in fact I am going to delay our departure for half an hour so that they can enjoy the disco for a little longer.

I look forward to seeing you again.

All very best wishes Jackie

Like with every event, this disco is tailored to the individual needs of the people attending the party.

The Importance of attention to detail, not just the music and the interactive dances, but the lights and special effects are also just as significant.

Special effects and lighting as well as music and the interactive taking part, they will find it extremely stimulating

# UV Glow Party

UV Glow Party adds a cool, playful effect to your children's party.

(ultra-violet) Lights create an ambient purple haze around a darkened venue. White, neon or fluorescent clothing, shoes, laces and even teeth shine brightly under UV lighting, which not only looks awesome but is great fun too!

Colourful glow accessories such as glow bracelets, glow sticks, glow necklaces bring your children's UV Glow Party alive like a neon wonderland!.

We offer a Glow Pack to add even more wow-factor.

**Tim provided a brilliant disco for the children of Terrington  
St Clement Community School**

I was very impressed with his professionalism, his expertise, his wide variety of music and his friendly manner.

Tim was not the original DJ I had hired or even the second one but he stepped up for us on the day    when the second DJ had an family emergency.

It is due to this level of professionalism that I am happy to recommend him and I look forward to working with him again. As bonus, even the head teacher liked him!

**Tip:** Please always do your checks DBS - PLI - PAT - Disco Contract and read the reviews. So that you know who you are doing business with, and most important, of all your children don't get let down. It prevents you from a major headache of finding a replacement at the last minute.
