About CAT Scaffolding

CAT Scaffolding is a family-run scaffolding business proudly serving the South Coast of England and beyond from our base in Portsmouth.

We have now grown into a market leading scaffold provider whilst maintaining our family values.

With a commitment to excellence and safety, we provide quality scaffolding solutions for both residential and commercial projects.

At CAT Scaffolding, we understand the importance of reliable and secure scaffolding for your construction needs.

Our experienced team are dedicated to delivering high-quality services, ensuring that every project is completed to the highest standards.

We take pride in our friendly and professional approach, offering personalised services tailored to meet your specific requirements.

Our team is fully trained and certified, adhering to all safety regulations to provide a safe working environment for everyone involved.

Core Values

At CAT Scaffolding, our foundation is built on three core values: **Honesty**, **Integrity**, and **Passion**.

We believe in transparent communication and building trust with our clients through every project.

Our commitment to ethical conduct and responsibility ensures that we uphold the highest standards in all our operations.

Driven by a genuine enthusiasm for our work, our team is dedicated to delivering exceptional results and innovative scaffolding solutions.

These values guide us in every endeavour, ensuring that we consistently exceed expectations and foster lasting relationships with our clients.

HONESTY

We believe in transparent communication and building trust with our clients. Every project is approached with a commitment to truthfulness and openness, ensuring that our clients are always informed and confident in our work.

INTEGRITY

Our company stands firm on the principles of ethical conduct and responsibility. We uphold the highest standards in every aspect of our business, from safety practices to customer service, ensuring that our actions consistently reflect our values.

PASSION

We are driven by a genuine enthusiasm for what we do. Our team is dedicated to delivering exceptional results, fuelled by a love for our craft and a desire to exceed expectations. This passion is evident in the quality and innovation of our scaffolding solutions.

Local Authority

Scaffolding For Roofing

At CAT Scaffolding we have a range of scaffolding solutions for all size roofing projects.

All works are carried out to a bespoke design or TG20:21 specification.

Whether it be a small area repair or complete re-roof, we offer a free no obligation site visit to discuss what is needed.

A full risk assessment and method statement will be issued in advance of all works undertaken.

Health & safety is at the forefront of everything we do so you can be assured that the whole area will be safe.

Our experienced team will erect the scaffolding safely and with consideration to your home or workplace.

We are fully insured & hold the highest of accreditations so you can rest assured that you are in safe hands.

Temporary Roof Systems

Our experienced teams are equipped to provide scaffolding solutions for projects of all sizes. We collaborate closely with TRAD and DESSA to deliver high-quality design solutions and bespoke temporary roofing systems. From initial design to final completion, we offer a comprehensive turnkey solution, ensuring meticulous management of every detail.

Prior to the commencement of any work, a full risk assessment and method statement will be issued. Health and safety are paramount in all our operations, guaranteeing that the entire area remains secure. Additionally, a detailed site logistics plan will be provided before work begins.

- We will recommend the most suitable solution for your requirements
- Efficient and safe assembly and erection
- Optional additional edge protection and handrails available

Chimney Access Platforms

At CAT Scaffolding we have a range of scaffolding solutions for all size roofing projects.

All works are carried out to a bespoke design or TG20:21 specification.

Whether it be a small area repair or complete re-roof, we offer a free no obligation site visit to discuss what is needed.

A full risk assessment and method statement will be issued in advance of all works undertaken.

Health & safety is at the forefront of everything we do so you can be assured that the whole area will be safe.

Our experienced team will erect the scaffolding safely and with consideration to your home or workplace.

We are fully insured & hold the highest of accreditations so you can rest assured that you are in safe hands.

Scaffold Access Towers

Our team of trained professionals can supply safe access towers for maintaining and repairing specific areas.

All works are carried out to a bespoke design or TG20:21 specification.

This quick and easy solution can often be cheaper and more effective than erecting scaffolding.

- Quick and easy solutions available
- Mobile

Scaffolding Platform Gantry

Our platform gantry solutions are perfect when a bridge, platform or loading areas require a path, lower roof or other relevant area on a site.

All works are carried out to a bespoke design or TG20:21 specification.

We can make suggestions as the most practical and safest way of resolving these situations.

Pavement Licenses

As a professional scaffolding contractor, we are always aware of our duties to comply with local regulations.

Pavement licences are required when scaffolding is erected on a pavement or public highway in the UK, including private streets that the public can access. CAT Scaffolding can apply and organise this on our client's behalf.

CAT Scaffolding comply with all necessary regulations to ensure that your project remains compliant.

- Hold £10 million public insurance liability
- Comply with BS EN 12810/12811
- Erection, alterations and dismantling are completed in accordance with the Work at Height Regulations 2005

Scaffolding For New Builds

CAT Scaffolding is accredited to work with new build developers in erecting scaffolding for new house builds. This maybe a single home constructions or multiple dwelling development.

All works are carried out to a bespoke design or TG20:21 specification.

We can advise on the best scaffolding options for the build design and construction.

We can also provide platform gantry's, chimney access platforms, mobile and access towers, fall arrest protection, edge protection and handrails where required.

We work within the timescales of all relevant trades to ensure the projects are completed on time and within budget.

- Flexible scaffolding solutions
- Quick and safe assembly and erection
- Clear communication throughout the process
- Dismantle promptly once completed

Edge protection & Handrails

Safety is our number one concern and working at heights can be extremely dangerous.

In keeping with our knowledge and experience, we can provide effective protective solutions to ensure the safety of contractors and the wider public whilst working at height by providing edge protection & handrails.

All works are carried out to a bespoke design or TG1:22 specification.

- Solutions designed around the project needs
- Knowledge of Health & Safety standards
- Expert installation
- Fall safe protection is also available

Government / Local Authority

CAT Scaffolding ensures that all its staff hold valid Disclosure and Barring Service (DBS) certificates, which is crucial for maintaining high standards of trustworthiness.

This compliance allows their employees to work on sensitive Government & local Authority projects, where security and reliability are paramount.

By adhering to these stringent requirements, CAT Scaffolding not only demonstrates its commitment to safeguarding but also enhances our eligibility for a wide range of Government & Local Authority contracts.

This proactive approach ensures that all personnel are thoroughly vetted, thereby fostering a secure and compliant working environment

DBS (formerly CRB)
CHECKED
Disclosure and Barring Service

Health, Safety & Environmental Standards

Ensuring the safety of our staff, those we work with, and the general public is our number one priority.

We at CAT Scaffolding pride ourselves on offering and delivering a quality scaffolding service, first class workmanship, incorporating value for money mentality, being carried out with the utmost attention to detail with Health & Safety at the forefront of everything that we do.

CAT Scaffolding is fully aware of its responsibilities under the C.D.M 2015 Regulations and operates a comprehensive Health, Safety & Environmental policies.

Our intention will always be to take all action necessary to ensure the welfare of our personnel and any person affected by our operations.

This is carried out through designing-out the risk at the initial stages of a project and minimising risks whilst undertaking the works on site.
