

# What we do

**HB2G LTD** specialises in the supply of capital equipment and technical expertise. We supply complete solutions from selection of the system and its accessories to the installation and training of the user's engineers.

**HB2G LTD** is committed to support our partners during the life cycle of the product and beyond. We aim to add value to our users processes and businesses.

**HB2G LTD** supplies high quality solutions from brand name suppliers such as Lupamat, Gardner Denver, Sonotec, Oliver Valves, Mikropor Air Dryers and NEXT Lubricants. We are an independent organisation which endeavours to supply the most reliable and competitive solution for any engineering challenge.

In association with Sonotec, we are introducing The Sonophone Ultrasonic Leak Detector and Accessories, to help our customers eliminate costly unplanned downtime.

Finally **HB2G LTD** will supply genuine parts for any type of compressor design.

## objectives

- » To understand fully our customers applications and processes and to add value to our users businesses as a whole.
- » To respond to our customers enquiries within 24 hours at most.
- » To make every user of our solutions a reference for a new one.

## vision

- » To operate in proximity of our users and partners.
- » To create a truly symbiotic relationship between our users and suppliers.
- » To help our users develop a sustained profitable businesses.

## mission

- » HB2G LTD will endeavour to offer the best solution available for the specific engineering challenge.
- » Our interactions with our users and partners will be based on mutual respect for the individuals, the organisations and the environment.
- » Transparency and honesty will be the core foundation of all our transactions.
