## Windows 11 Desktops & Laptops

It is important that all of our Customers are aware that Windows 10 will no longer be supported by Microsoft in October 2025. It is anticipated that there may be a high demand for upgrades nearer to October 2025.

Your equipment will be critically vulnerable if you do not upgrade from Windows 10 prior to this date.

In an effort to assist we at VR-Tech and systems are offering hardware upgrades to those desktops that cannot be upgraded to Windows 11 with your existing equipment.

We are further offering competitively priced Laptops pre-installed with Windows 11 to circumvent any problems with any support issues.

### **Desktops:**

To assist with the cost of any upgrade it may be possible to use some of your current components to reduce the cost of any upgrade, we offer a service to build a complete new Windows 11 system, alternatively only to replace the items that need to be replaced.

### **Full Windows 11 Build**

- New Ryzen Motherboard
- New Corsair Power supply unit
- New Corsair PC case
- Labour charge

It is often possible to only have the Motherboard Replaced, and retain the current Case and power supply.

All your data would be transferred to the new equipment without issue, for faster PC's we recommend that you replace any Hard disk drive with a Solid state drive or even better an NVMe SSD drive.

Solid state drives are 10 times quicker than Hard disk drives and NVMe drives are 4 times quicker than solid state drives. All new equipment normally now comes with an NVMe or equivalent.

We offer a new build service of £75, along with a collection and return service (collect any equipment to be upgraded, return upgraded system) for just £2 per mile from our Mitcham workshop in CR4 2HY.

**Power supply options : Corsair 650 or 750w Fully modular ; 650W @ £80.00; 750W @ £119.00** Please note, we can often use your current power supply for any hardware upgrade.

**ADMI CPU Motherboard Bundle: AMD Ryzen 3 3200G 4GHz with Radeon Vega 8 Graphics, ASUS Prime B450M-K Motherboard,**

**Corsair Vengeance LPX 32GB 3200Mhz DDR4 RAM @ £225.00**

**Corsair 4000D AIRFLOW Tempered Glass Mid-Tower ATX Case - High-Airflow - Cable Management System - Spacious Interior –**

**Two Included 120 mm Fans – Black @ £94.00 - Please note we can often use your current case (if being upgraded), saving the cost of a new case**

**Microsoft Windows 11 Home [Download] £79.99 – Please note if you have a Microsoft account you can normally switch your Windows 10 License without cost and undertake a free update to Windows 11.**

**The above is assuming that you would wish to use your current drive for the new equipment, if not then a new drive would have to be purchased.**

## **Windows 11 Laptops**

We offer a wide range of Windows 11 Laptops, prices upon application.
